Pursuant to G.L. c. 111M, § 2, the Department of Revenue is issuing this Technical Information Release to announce the penalty schedule for individuals who fail to comply in 2019 with the requirements under the Massachusetts Health Care Reform Act (the Act). See St. 2006, c. 58, as amended. The Act requires most adults 18 and over with access to affordable health insurance to obtain it. In 2019, individuals must be enrolled in health insurance policies that meet minimum creditable coverage standards defined in regulations adopted by the Commonwealth Health Insurance Connector Authority (the Health Connector). Individuals who are deemed able to afford health insurance but fail to comply are subject to penalties for each month of non-compliance in the tax year (provided that there is no penalty in the case of a lapse in coverage of 63 consecutive days or less).<sup>[1]</sup> (#\_ftn1) The penalties, which will be imposed through the individual's personal income tax return, shall not exceed 50% of the minimum monthly insurance premium for which an individual would have qualified through the Health Connector.<sup>[2]</sup> (#\_ftn2)

These penalties apply *only* to adults who are deemed able to afford health insurance but who did not enroll in available coverage. On an annual basis, the Health Connector establishes separate standards that determine whether individuals, married couples and

families can afford health insurance, based on their incomes and affordable health insurance premiums. Those who are not deemed able to afford health insurance pursuant to these standards will not be penalized. Individuals also have the opportunity to file appeals with the Health Connector to assert that hardship prevented them from purchasing health insurance and therefore, they should not be subject to tax penalties.<sup>[3]</sup>

(#\_ftn3)

### For 2019:

- Individuals with incomes less than or equal to 150% of the Federal Poverty Level are not subject to any penalty for non-compliance, as those at this income level are not required to pay an enrollee premium for ConnectorCare health insurance.
- Penalties for individuals with incomes from 150.1 to 300% of the Federal Poverty Level will be half of the lowest priced ConnectorCare enrollee premium that could be charged to an individual at the corresponding income level, based on the ConnectorCare enrollee premiums as of January 1, 2019.
- Penalties for individuals with incomes greater than 300% of the Federal Poverty Level will be half of the lowest priced individual Bronze premium, based on the Health Connector's prices for these plans as of January 1, 2019.
- Penalties for married couples who do not comply with the individual mandate rules (with or without children) will equal the sum of individual penalties for each spouse.

Individual	150.1-200% FPL	200.1-250% FPL	250.1-300% FPL	Above 300%
Income				FPL
